

# Sanskar Joshi

## Web Developer

Gujarat, India | +91 9428194091 | [sankarjoshiambaji@gmail.com](mailto:sankarjoshiambaji@gmail.com) | [LinkedIn](#) | [GitHub](#) | [Website](#)

Motivated Junior Web Developer proficient in HTML5, CSS3, JavaScript (ES6+), and SQL. Passionate about building responsive, user-friendly websites with clean, maintainable code. Eager to contribute technical skills to a dynamic development team.

## SKILLS & TOOLS

- **Frontend Technologies:** HTML5, CSS3, JavaScript (ES6+), Python, SQL.
- **Design Tools:** Figma
- **Development Tools:** VS Code, Git, GitHub.
- **Core Concepts:** Responsive Design, DOM Manipulation.

## EXPERIENCE

### Freelance Web Developer *Remote | Nov 2025 – Present*

[Github](#) | [Website](#)

- Designing and developing responsive websites for personal and small business projects using HTML, CSS, and JavaScript.
- Transforming UI/UX designs (Figma) into functional, cross-browser compatible web pages.
- Writing clean, semantic code and debugging issues to ensure smooth user performance.

## PROJECTS

### Real Estate Website

[Github](#) | [Website](#)

- HTML5, CSS3 (Flexbox & Grid), Responsive Design
- Developed a modern, high-conversion landing page with a "Mobile-First" design.
- Created a responsive property grid and ensured pixel-perfect layout

### User Authentication System

[Github](#) | [Website](#)

- HTML5, CSS3, JavaScript (DOM Manipulation)
- Built a secure Login/Signup interface with client-side Form Validation
- Implemented "Show/Hide Password" toggles and smooth transition effects

### Weather Dashboard App

[Github](#) | [Website](#)

- HTML5, CSS3, JS (ES6+), OpenWeatherMap API
- Built a responsive app fetching real-time data using Async/Await
- Features error handling for invalid cities and dynamic DOM updates
